

If you are looking for a new way to challenge yourself

we may have the right opportunity for you!

Balkan Services is an IT consulting company helping organizations to nail the right software solution for their growing business and implement it in the fastest, most efficient, and smooth way.

In relation to new projects and increased work volume, our team is growing.

We are looking for:

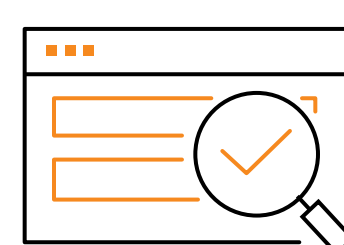

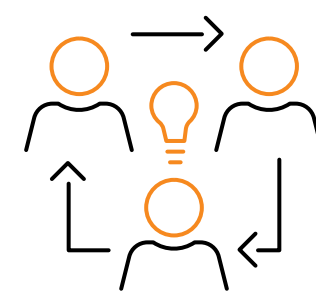

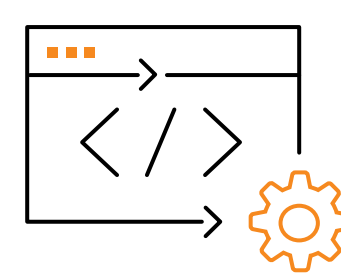

Developer, business software

who is a responsible, ready-to-learn enthusiast to join our team. The team is focused on developing business software. The ideal candidate will be passionate about solving business challenges with software solutions and be able to bridge the gap between business and IT.

If you have a knack for driving efficiency through technology and enjoy acting as an interpreter between the languages of business and software, we want to hear from you.

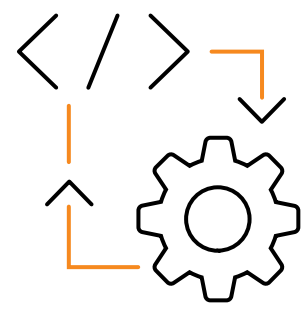

Key responsibilities:

- Contribute to developing software solutions to streamline workflows and improve operational efficiency.
- Work with cross-functional teams to gather requirements and design scalable, automated processes.
- Use programming skills to build and customize tools and applications that support process improvement.
- Apply algorithmic thinking to develop solutions that address complex business challenges.
- Monitor and evaluate the performance of software solutions and make adjustments as necessary to ensure optimal results.

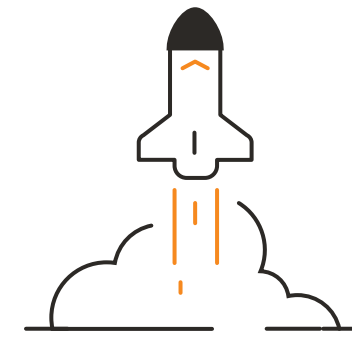

Qualifications:

- 2-3 years working in Business software development/ Process Digitisation or related field.
- Intermediate to advanced coding and development skills, with experience in SQL and any programming languages (Java, Python и C#).
- Proven experience developing software or digital solutions (not apps), professionally or as a hobby.
- Excellent analytical and problem-solving skills, with a focus on algorithmic and process-oriented thinking.
- Ability to communicate and collaborate effectively with both business and IT teams.
- Strong interpersonal skills and the ability to interpret and translate technical and business information.
- Proactive attitude and passion for continuous learning and innovation.

What We Offer:

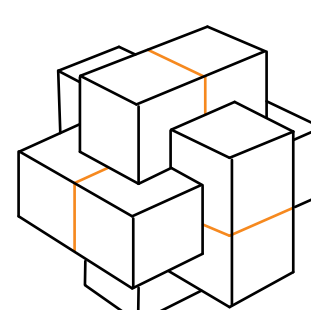

- The chance to be a part of the digital transformation of different businesses while working on a software product.
- Excellent working conditions.
- Working place in the heart of Sofia.

ARE YOU INTERESTED?

Then we look forward to receiving your application online at jobs@balkanservices.com

The first part of our recruitment process is a task that we will send to approved candidates.

The second part of the recruitment process will be an interview with the candidates who succeeded with the task.
